\*For Custom Logo and four color graphics;

1. Please provide a Flatted .tif or .jpg file.
2. We can except files created in, Illustrator, Photoshop, Quark, and Hi-Res. PDF.
3. Please note additional charges may be incurred to link files or adjust colors in these file types.
4. Please outline fonts and embed images.
5. All Colors should be in CMYK.
6. Specify any special PMS color matching requirements.
7. Resolution of placed images should be 100 to 150dpi at final output size (or 200 to 300 @ 1/2size).
8. Please stuff or zip all files.
9. Artwork should be Vector based with all text outlined and saved to CSI version or lower.
